AM, BEAUTIFUL NATURE! HOW IT LIFTS THE SPIRIT TO BREATHE THIS AIR--ALL OUR TROUBLES LEFT BEHIND! I FEEL LIKE A BAREFOOT BOY AGAIN, KISSED BY STRAWBERRIES ON THE HILL.

I HATE TO INTERRUPT, HORACE, BUT IT LOOKS LIKE TROUBLE IS CATCHING UP FAST. IF YOU DON'T WANT TO BE KISSED BY SOMETHING BIGGER THAN STRAWBERRIES, WE BETTER SPRING BACK TO THAT BALLANTINE'S BEER!

YEAH, HORACE, YOU'RE ABOUT TO GET MORE THAN YOUR SPIRIT LIFTED. JUST THINK OF THIS--SOMEBODY MAY BE SAYING THAT BALLANTINE'S BEER OUT OF OUR CAR RIGHT NOW!

Binnewater To Have
Justice Meeting

George W. Nichols of Binnewater, today notified The Freeman that plans have been perfected for the organization meeting of a local unit of Social Justice for High Falls-Stone Ridge district and that the date of meeting will be announced as soon as registration cards have been signed.

Mr. Nichols, who signed himself as official local unit organizer, stated in his notification, "To correct misinformation abroad circulated by those who have no connection or membership in N. U. S. J. (National Union Social Justice) and therefore not qualified to pass judgment, the N. U. S. J. is strictly non-partisan and non-sectarian. Each unit is a local affair. It elects its own officers, none of whom are public office holders. Any male or female, 21 years of age, qualified to vote in primary or election this fall, residing in local unit district and who believes in 16 points of social justice and voluntarily willing to render active service in local unit can secure registration cards and full information this week by mail or personal call on George W. Nichols, Kingston, N. Y., R. 3 (Binnewater)."

Young Mother Held
In Death of Son

Niagara Falls, N. Y., Aug. 5 (AP).—A 26-year-old mother said by authorities to have admitted she drowned her infant son in a washing machine was held by police today.

District Attorney Raymond C. Knowles said the woman, Mrs. Susie Stephenson, told him that she put the baby, David Eugene, 18 months old, in the machine and held him under the water for several minutes. Knowles said the young mother displayed no emotion and could give no reason for her act. He said he would have an alienist determine her mental condition.

A sister visiting her yesterday became suspicious over Mrs. Stephenson's failure to use the washing machine and called in their mother. The elder woman discovered the baby's body.

Mrs. Stephenson was taken into custody last night at the request of a coroner, Knowles said, but no charge was placed against her.

Camp Preumaker
Closes Season

Glenside, Aug. 3.—With the Sunday night campfire as the last organized feature of the season, Camp Preumaker concluded its regular program yesterday with the departure of some 40 campers for their homes. Today the camp becomes the Kiwanis Boys camp, sponsored by the Kingston Kiwanis club, for the coming week.

The Sunday night campfire was opened in a spectacular way with the descent of "fire from heaven" to light the campfire, following the proper invocation of the Indian Great Spirit. Coach Kias followed up the Indian theme with a continuation of his stories of the Sioux Indians.

During the program John and James Devine were formally announced as recipients of the Block P award for meeting certain requirements in athletics, campcraft and sportsmanship at the camp. Harry Flowers was announced as having earned his CP emblem for similar requirements.

The program was brought to a close with a story, "The Great Stone Face," and the singing of "Blest Be the Tie that Binds."

A load of cedar posts cut in 1860 was sold recently in Texas as sound material.

Justice Foster
Annuls Marriage

An order annulling the marriage of Olive Mae Styles to William G. Styles has been signed by Supreme Court Justice Sydney F. Foster. Joseph Avis appeared for petitioner who sought to have the marriage annulled on the grounds that at the time of the marriage the defendant concealed from plaintiff the facts of his criminal activities and character. Fraud and misrepresentation were the grounds for the annulment action. Petitioner alleged that at the time of her marriage the defendant Styles represented to her that he was an honest hard-working man who was able to support her by honest labor. Later petitioner alleged she learned of his criminal activities and she applied for an annulment of the marriage through her guardian Betty Lee Lawrence.

The matter was heard before Justice Foster and the court granted the decree and awarded the custody of the child to petitioner.

Better Compliance
Albany, N. Y., Aug. 5 (AP).—New York state's Department of Agriculture and Markets began today a campaign to encourage better compliance with the state retail egg grades. Commissioner Peter G. TenEyck announced that the nine investigators made available by a special appropriation of the 1936 legislature would visit nearly 1,000 retail stores within the next few days in the Hudson valley. After that, the drive will extend upstate.

Held For Slayings

John Hamilton (above) was held by police at East St. Louis, Ill., for the slayings of his wife, Mrs. Wilma Woods Hamilton, and Thomas Griswold. Lt. Sam Strautz announced Hamilton had admitted the crime. (Associated Press Photo)

The national fire loss, according to the National Board of Fire Underwriters, is again on the rise. During the first five months of this year, it was some \$20,000,000 in excess of the loss experienced in the same period of 1935.

Atlanta Girl, 17,
Elects New Family

Atlanta, Aug. 5 (AP).—Louise Madeline Pittman chose a Macon family as her own after living 17 years with an Atlanta couple. But the man and woman who reared her are determined not to give up the pretty school girl.

"We are going to get her back," said Daniel L. Pittman today.

He would not say, however, whether he planned court action in the strange case which started with a baby mix-up in 1919.

The attractive brunette said yesterday in Macon that a brief visit with Mr. and Mrs. John C. Garner had convinced her they are her parents, and that she would live with them.

A 1920 court ruling held that she should remain with the Pittmans "until she becomes of age to decide for herself."

Pittman said he interpreted the order to mean Louise should live with them until she was 18. Her birthday is May 22.

"I don't want to cause any trouble if I can help it, but we want her back," said the meat cutter. "If we give her a little time to think it over, maybe she will change her mind."

Daughters were born to the Pittmans and the Garners in an Atlanta municipal hospital on successive days in May, 1919. By error the children were mixed.

Finally hospital authorities gave Louise to the Pittmans and the other

child to the Macon railroad engineer and his wife. The Garners, not satisfied, took the case to court. Meanwhile the child given to them died.

Louise said she planned to go to Atlanta tomorrow with the Garners to "straighten things out" with the Pittmans.

"I want to live with the Garners," she said. "I believe they are my father and mother and that their three daughters are my sisters. We look so much alike. Unless there is some way they can force me to live with the Pittmans, I want this to be my home."

Astor Case Extends To Florida Today On Thorpe's Status

Hollywood, Aug. 5 (AP)—Behind a barricade of cameras Mary Astor played in a screen drama today as her real-life fight for her daughter extended to Florida.

Armed with a court commission, her attorney, Roland Rich Woolley, prepared to seek evidence in Tampa to support his charge that Dr. Franklin Thorpe, Hollywood physician, was married to another woman when he and Miss Astor were wed in 1931.

A hearing on her petition to regain guardianship of her four-year-old child, Marilyn, awarded to Dr. Thorpe when he divorced her last year, stands adjourned until Monday to permit her to complete a picture engagement.

In a separate action Miss Astor seeks to have the divorce set aside, an annulment granted her and a property settlement abrogated, on her contention the society physician never was divorced from Mrs. Lillian Lawton Miles.

Both Mrs. Miles, a constant spectator at the custody battle, and Dr. Thorpe have denied the assertion they were married.

Woolley said he would question ten or more persons in Florida to determine whether a wedding reception ever was held there for the physician and Mrs. Miles, and whether they lived as man and wife before coming to Hollywood.

The attorney plans to fly to Tampa after conclusion of the guardianship hearing. Thorpe's attorneys announced quickly that they, too, would take depositions from Floridians.

Barrymore's Condition
Hollywood, Calif., Aug. 5 (AP)—John Barrymore, afflicted with enlargement of the heart, need not appear in court until September 1 to prosecute his suits for an accounting by two former confidential secretaries.

A doctor's report that a court session might endanger his life at present gained the middle-aged actor a continuance by Superior Judge Goodwin Knight.

Dr. Donald J. Fricke, appointed by Judge Knight to examine the ailing actor, said it was his opinion Barrymore must abstain from alcohol if he wishes to make a complete recovery. He has been confined in a New York City sanitarium for several weeks.

Norma Taylor a Guest
New Rochelle, N. Y., Aug. 5 (AP)—Norma Taylor, the former show girl whose name entered the Mary Astor child custody case, rested today at the home of Tommy Manville and looked forward to some motor boating.

Manville's new speedboat "No" is christened by Miss Taylor when she can take time away from the rehearsal she found herself doing shortly after her arrival yesterday.

Because of some trouble about the telephone in Manville's 28-room house, he discharged the servants Miss Taylor and Dollie Goering, Manville's secretary, pitched in on the necessary house work when they arrived.

"I think the whole thing is terribly disgusting," Miss Taylor said of the Astor case.

Manville said, "Norma needed a rest after her ordeal, so I invited her out."

Dulwich College, near London, was founded by a famous Elizabethan actor, Edward Alleyn.

Carson-Holcombe Rite At Watervliet

Watervliet—Three weeks after a Reno divorce, Mrs. Jacqueline Julian Holcombe, of Kingston, Ulster County housewife widely known in the Capital District as a horse show exhibitor, was married here to Willard Carson, Tennessee horseman and former manager of the Holcombe stables. The ceremony was performed at City Hall.

Mrs. Carson's first husband, Joseph Gales Holcombe, obtained a divorce at Reno July 16, charging cruelty. The decree was granted by District Judge Benjamin F. Currier after a private hearing.

The court approved an agreement fixing the custody of two children, Benjamin and Gail Julian, both four years old, and settling property rights. The transcript of the testimony was sealed by court order.

The Holcombes were married in New York city, March 29, 1933. Their home was at Richmond Park, near Kingston, where Mr. Carson was manager of their stables.

Mr. Carson became manager of the stables of Edward S. Berry of Watervliet about a year ago, when Mr. Berry bought a number of the Holcombes' show horses.

The former Mrs. Holcombe exhibited her horses at the Troy show and others in the Capital District, and at Madison Square Garden and other leading shows. She neither rode nor drove her entries, however.

The Holcombe horses were entered at Troy under the joint sponsorship of Mr. and Mrs. Holcombe until the 1935 show, when they were entered in Mrs. Holcombe's name only. Her chief exhibits this year were Captain January and Miss Mount Sterling.

Sergeant F.D. Finkle Returns To Service

Fred D. Finkle, a technical sergeant in the U. S. Army, who spent some time at the home of his brother, Ferrell Finkle, a member of the Kingston paid fire department, on Abbey street, has returned to his new assignment at Fort Sam Houston, San Antonio, Texas, where he will be stationed for three years or more.

Sergeant Finkle enlisted in the medical corps of the army in 1922 and has seen service in Hawaii, Oregon, California, Long Island and in the Panama Canal Zone on aviation fields. During his visit in Kingston, Sergeant Finkle met many of his boyhood friends who attended Public School No. 3 with him.

Levy Dress Plant Was Picketed Today

This morning Levy Brothers dress factory on West Union street just off Broadway, was being picketed by a group of young women, who carried signs and banners. One of the pickets claimed that those in the picket line were former employees, and all members of the clothing union. She said that their places in the factory were being taken by learners.

This plant was shut down for several weeks when labor trouble first developed, and when it reopened recently it was stated that there had been a reorganization of the concern, which was now under new management.

WAKE UP YOUR LIVER BILE—

Willard Colwell—And You'll Jump Out of Bed in the Morning Ready to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile does not flow freely, your food does not digest, it just decays in the bowels. Can blame up your stomach. You get constipated. Your bowels are only made to pass.

Liver movement doesn't get at the cause. It does drive away the bile. Colwell's Little Liver Pills get to the cause. Two pounds of bile flowing out, you feel "up and up".

Ask for Colwell's Little Liver Pills by name. Stationery refuse anything else. Sir.

Entirely True

To the Editor of The Freeman

Sir: In its account of the professional career of Frank W. Brooks, The Freeman said: "As an adviser to the young members of the bar and to law students Mr Brooks will be greatly missed. No matter how busy he was he always found time to advise with and aid the younger members of the bar who came to him with their problems and many of the members of the Ulster County Bar today look back to advice which they were given during their early career by Frank W. Brooks, who was a friend and adviser to all."

Permit us to add that this commentary is entirely true in our experience.

Bishop Describes Work Of Coughlin

(Continued from Page One)

start an inspection trip through some of these states. Whether the tour will begin next week, after he returns to Washington, depends among other factors on a change in the condition of Secretary Dera, III in a Washington hospital.

Among Measures

Among other measures undertaken by the resettlement administration to help farmers in the drought districts, Tugwell listed these:

Granting loans to care through the winter for livestock and work animals essential for subsistence.

Providing loans to move other stock to pasturage.

Extending loans for seed for forage crops that can be harvested this season.

Setting up machinery for purchasing and shipping feed into the drought regions.

Establishing an information service for farmers desiring to move to new land.

The department of agriculture, Tugwell said, through the federal surplus commodities corporation is buying cattle to relieve any glut on the market and making the beef available to needy families.

Like the direct relief operations, Tugwell said, "these activities are just being shoved into high gear."

Has No Estimate

He had no estimate of the ultimate cost of the drought relief program, but said most of the \$10,000,000 of relief appropriation funds allotted to resettlement administration so far had been used and probably no more than a fourth of the money had gone for "regular" operations of the administration.

Although unable to recall definite figures for all states, he said 22,000 families were being carried in North Dakota alone.

"The resettlement administration," he said, "is providing this relief only until WPA can give the farmers employment."

The WPA end of the drought-aid job, he said, is just now beginning to gather momentum.

Meanwhile, he added, "relief rolls are increasing very rapidly" as the drought dips farther into the corn belt.

Senator Dieterich (D-Ill.) was on Mr. Roosevelt's calling list today for a discussion of party prospects in Illinois and the midwest.

Appointments also were arranged for Charles Tausig, chairman of the advisory board of the National Youth Administration, and Mariner S. Eccles, Federal Reserve Board head.

Landon Gets Report

Topeka, Kas., Aug. 5 (AP)—A report on Republican efforts to elect senators in six middle western states was brought to Gov. Alf M. Landon today by Senator L. J. Dickinson of Iowa.

His conference with the presidential nominee was one of two political discussions scheduled by Landon today as he watched primary results in Kansas, Missouri, and Virginia.

Gov. Frank D. Fitzgerald of Michigan, and Howard C. Lawrence, the State's Central Republican Committee chairman, were on the calling list.

Dickinson, himself a candidate for re-election, was accompanied by Berry Halden, Republican nominee to succeed the late Senator Louis Murphy, Democrat, and George Wilson, Republican nominee for the Iowa governorship.

"We have a good chance of electing two senators, a governor and a whole state ticket in Iowa," Dickinson told reporters.

He listed as states in which he said Republicans were "concentrating" on electing senators, Iowa, Nebraska, Minnesota, South Dakota and Kansas.

Landon was back in the capital after a trip to his home town, Independence, to vote in yesterday's primary. He started the return trip by automobile last night after an outdoor "stag" chicken dinner given by Mayor Ralph Mitchell, and arrived before midnight. Edna F. Jaekle, Republican chairman of Erie county, New York, rode in the nominee's car, discussing plans for Landon's Buffalo speech late this month.

AT SUMMER THEATRES

"Ten Minute Alibi" was presented by the Group Players at the New Barn Theatre, Saugerties, with the following cast:

Hunter Arthur Crafer
Philip Scilla Edward Gilpin
Betty Fladen Rachel Macdotti
Colla Derwent Gordon Casper
Sir Miles Standing Glenn Carroll
Inspector Pember Henry Lacoe
Sergeant Brace Alix Kaplan

Before a comparatively small opening night audience, the Group Players of the New Barn Theatre began their week's run of "Ten Minute Alibi" last evening. The play, a simple but entertaining story of murder, brought together two men, both in love with the same woman. One, a man of poor reputation, plans to kill the girl in Paris although he cannot marry because of a former wife. The other, truly in love with the girl, threatens to kill the villain of the piece after he is told he can have the girl for a consideration of a thousand dollars. Arising from the effects of a doped cigarette, the hero dreams of a way in which to perform a perfect crime. He later follows his dream through and commits the crime, using as his alibi, the space of time which he has previously made up by manipulating the hands of the clock and the breaking of the victim's wristwatch. However, during the investigation of the crime by the police inspector, the murderer is revealed, but because he has done society a good turn by his act, is not prosecuted.

"Ten Minute Alibi" took all of its tension and suspense by the fact that it is quite obvious throughout the play that it would be none other than the supposed author who committed the foul deed. However, good acting on the part of the cast saves the play and makes it fair entertainment.

Divine Cult Buys Saugerties Land

Title passed Tuesday from James Flanagan of 6 Parker street, Yonkers, to Celeste Grace and Beauty S. Love, two of Father Divine's "angels," for the former Burden property near Saxton on the westerly side of the Palenville-Saugerties road in the town of Saugerties. The deed was recorded in the office of the Ulster county clerk's office completing the transfer of title.

The consideration named in the deed is \$100 but the deed bears \$350 in tax stamps indicating that the price paid was \$3,500. The farm, known as the Burden property, contains 22.2 acres.

Hitler Takes Hand

Berlin, Aug. 5 (AP)—Reichsfuehrer Hitler took a hand in the international situation today by a conference with Sir Robert G. Vansittart, British permanent under secretary for foreign affairs, in the presence of Joachim Von Ribbentrop. Details of the conversation were withheld but diplomats said they thought it probable there was a discussion of German adherence to the proposed French plan for a seven-power agreement to maintain rigid neutrality in the Spanish civil war.

How Well We Know It!
There's one certain sign, a sure weather vane,
The Methodist picnic is sure to bring rain!

Grocer—If a child were to come in and say that her mother sent her for "a can of malt-treated milk," what would you give her?
New Clerk—Why malted milk, of course, sir.
Grocer—Fine! Our last clerk hunted all over the shelves for a can of whipped cream.

Wouldn't it be great if men would study, train, and practice to improve themselves in business as they do in golf?

First Man—Are you making a garden?
Second Man—That's what I call it. My wife and daughter call it merely musing up the yard.

Setting a good example for your children takes all of the fun out of middle age.

Waiter—Would you mind settling your bill, sir? We're closing now.
Patron—But I haven't been served yet.

Waiter—Well, in that case, there'll be only the cover charge.

One of the troubles with the old world is, that it is packed with people telling other people what to do.

The manager and the chief clerk were discussing the new typist.

Manager—What do you think of her? How is she doing her work?
Chief Clerk (looking a little doubtful)—Well, I don't know, but she spells atrociously.

Manager—Really? Well, she must be pretty good, then. I couldn't spell it.

Correct this sentence: "I've made investments for 20 years," said the man, "and never yet played the sucker."

Wife (trying on new fall hats)—Do you like this one turned down?
Hubby—How much is it?
Wife—Twelve dollars.
Hubby—Yes, turn it down.

The ideal marriage at the present day unites the girl who can make pies like mother used to make and the boy who can make the dough that father used to make.

Father of Girl—And upon what income do you propose to support my daughter?
Suitor—Five thousand a year.

Father of Girl—Oh, I see. Then with her private income of five thousand a year—
Suitor—I've counted that in.

How quickly a lower animal will take to man! Its trust and loyalty must shame us everyone, who give it a serious thought.

Junior was doing penance in the corner. Presently he thought aloud pensively:

Junior—I can't help it if I'm not perfect. I've never heard of but one perfect boy, anyway.

Mother (thinking to point a moral)—Who was that?
Junior—Daddy, when he was little.

"Among other things of which I am tired," growls the grouchy, "is people who imitate Major Bowes."

Mistress—So your matrimonial life was very unhappy? What was the trouble? December wedded to May?

Chloe Johnson—Lan' sake, no, mum! It was Labor Day wedded to Day of Rest!

The chief problem of a dictator is how to keep the stomachs of his subjects full and their heads empty.

LIFE'S LITTLE LESSONS—

LIFE'S LITTLE LESSONS—

The World of Stamps

By QUINTON JAMES

Mexico has a new great national highway, its first ambitious effort along that line. Special stamps are now being used on the mail of that country to proclaim its opening.

The highway, which connects Mexico City with Laredo, Tex., just across the river from Nuevo Laredo, Mex., is part of a road system by which it is ultimately hoped to link all of Central and South America to Uncle Sam's domain.

The six "highway" stamps, inscribed "commemorative" illustrate various scenes along the road. They are divided into three for regular postage and three for airmail. The airmails are twice as large as the

regular postage, the designs on the latter being somewhat difficult to distinguish due to the small size of the stamps. All are bi-colored.

The airmails picture three bridges: the 10-c blue and gray, Tasquillo bridge over the Tula river along the highway; the 20-c orange and dull violet, a bridge over the Corona river; and the 40-c green and dark blue, a bridge across the highway, above which three planes are flying.

On the lowest value of the regular postage, 5-c green and rose, as an allegorical design indicative of Mexico at work in contributing its part of the highway link in North and South America.

The 10-c gray blue and black illustrates some of the tropical scenery along the road with the Matatole bridge in the background.

The 20-c green and brown, has a general view of the highway fading into the distance as it would look to a motorist driving south toward Mexico City.

The number of stamps printed for the six values varies considerably. Only 15,000 of the 10-c airmail have been prepared. Of the 20-c airmails there are 150,000 and of the 40-c 40,000. The regular postage printing was 500,000 of the 5-c, 3,000,000 of the 10-c and 60,000 of the 20-c.

Philatelic experts say that the 10-c airmails may reach the rarity classification because collectors and dealers as a rule require considerably more than 15,000 to meet their needs.

Early Slavic Educator

The portrait stamps of Czechoslovakia, which appear on various occasions to pay tribute to Slavic personages, historic and otherwise, include a new one. It illustrates John Amos Comenius, or Komensky, who lived from 1592 to 1670 and became noted as a philologist and educational reformer. He also was the last bishop of the old church of the Moravian and Bohemian brethren.

In addition to his many writings on educational subjects, Comenius introduced a simplified method of teaching Latin and Greek.

The stamp, a 40-haler, is deep blue and shows a full face view of the saint.

World Notes

Austria's second memorial paying tribute to Chancellor Engelbert Dollfuss, assassinated two years ago, has appeared. His portrait is placed against the Austrian flag as the background. The first Dollfuss stamp came out in 1934.

Indications now are that the Army-Navy U. S. issue of five values for each branch of the service probably will not be ready before the early part of September. Previous plans provided that their first day sales would come about 30 days sooner.

Maybe this is something different in stamp club rules. To quote: "The stamp club must meet whether the members are mad at each other or not." The club in question is sponsored by a couple of little Chicago girls, one of whom is the daughter of Fayette Krum, who writes fiction for the microphone.

Shokan, Aug. 4.—William Greenway, who resided here as a boy and young man, called on some of his old friends in the village Saturday. Mr. Greenway for many years has made his home in Brooklyn.

Walter Naughton and mother, Mrs. Joseph Naughton, have passed Detroit on their motor trip through the middle west and to Yellowstone Park.

Many Shokan residents and summer visitors plan to attend the M. E. Church fair and supper at Ashokan, Wednesday.

The water in the east basin of the reservoir has begun to recede and a number of small islands have made their appearance in the spillway sector.

Mrs. Gabriel Richard was visited last week by her mother, Mrs. Henry M. Greene, also George Greene and Mr. and Mrs. Richard Angell and son, John, all of Worcester, Mass. The party was on a vacation motor-trip through New England and this part of New York state.

The old hill road to Boiceville is in good condition for automobile travel to a point west of Larry Blahop's farmhouse where the bill is rather rough. The view of the Wittenberg range and several other towering peaks of the lower Catskills is one of the finest in the mountains.

Mrs. Elizabeth Avery, a former Shokan resident who for a time made her home with her daughter, Mrs. Floyd Gollman, of Ashokan, now is residing with another daughter, Mrs. Herbert Rose, of Olive Bridge.

Louis Thell has had a windmill installed on the roof of his farmhouse along the state road.

Tommy Janson returned to New York, Sunday, after having spent several weeks at Long Meadow farm. The lad was taken back to the city by his brother, Vincent, who spent Saturday night at the farm.

The rock garden in front of the foresters' quarters at the former CCC camp still is a thing of beauty despite the abandonment of the camp as such. Harry Krom, custodian at the site, and his family take good care of the buildings and everything looks fresh and span about the grounds.

F. A. Gearon, who spent the week-end with his brother, Edmund A. Gearon, of the Church Hill section of Shokan, will return to Portland, Maine, for the remainder of the summer.

August 4, 1863, Shokan people observed President Lincoln's Thanksgiving Day. A death on this date was that of Mrs. John Swarthout, whose funeral was held on the 6th.

The Rev. George Peake, preaching his anniversary sermon in the Shokan Dutch Church two days previously, declared that he was not an abolitionist, was loyal and did not "meddle in politics."

Lawns throughout the twin villages present a rather forlorn appearance insofar as the grass is concerned, though our famed display of flowers still continue to bear their in a bad way, and a number of householders are compelled to draw or carry water from a distance for kitchen use. At one boarding house, where many city people are now guests, the dug well on the property contains only three feet of water.

The Olive town assessment roll has been completed and may be viewed at the home of Ezra Silkworth in Olive Bridge until the third Tuesday in August, on which date the board of assessors will sit in Winchell's hall for the purpose of hearing tax grievances.

Miss Cella Marmion has returned to her home in Bellaire, L. I. Miss Edna Marmion is remaining this week at the Shokan House on the corner.

The Ashokan Baseball Club has been organized with Robert Dubois as captain and manager and Carlton Krom as treasurer. The nine is made up of the following young men from the lower village: R. Dubois, C. Krom, Alva Builey, Jr., Lemuel Plass, Frank Cohen, Don Dubois, Harold

REFUGEES FROM SPAIN TELL TALES OF HORROR

More than a score of refugees, the first to reach the United States from revolt-torn Spain, related tales of horror upon their arrival in Boston aboard the American Export steamer Exeter, which had been sent to Barcelona to evacuate Americans. Some of them are shown on the deck of the ship. (Associated Press Photo)

Builey, Isaac Jones and "Dutch" Dubois. Substitute players are Stanley Jones, Herman Morris, Lester Lawrence and James Gordon, Jr. Alva Builey, Sr., has been appointed umpire for the club which will cross bats with well-known teams from Kingston and other places. The large field opposite the Lenox cemetery will be placed in first-class condition for games within a week and the first matched game will be staged immediately thereafter.

BUSHNELLVILLE. Bushnellville, Aug. 4.—Mr and Mrs. Kouri entertained guests from White Plains for the week-end. John Roseltz is doing repair work on the schoolhouse.

Mrs. Theodore Ford is visiting Mrs. Newhall.

Mrs. Newhall and Mrs. Bowen were in Kingston shopping Thursday.

Mr and Mrs. William Clark are spending a two weeks vacation at their cottage. They entertained a party of 17 on Sunday. All had a jolly time.

Mr and Mrs. Newhall gave a party early Saturday evening and later all attended a dance at the Casino and from there enjoyed a party at the Mountain Brook House.

Mrs. Small's daughter is visiting her from Washington, D. C.

Mr and Mrs. Merrill Dunham attended a party in Spruettown Saturday evening, with friends from Brooklyn who have a summer home there.

Mr and Mrs. Roger Bowen have returned to their home in New York. Miss Gertrude Van Valkenburgh, a student nurse at the Kingston

Hospital, is visiting Mrs. Merrill Dunham for a day.

Raymond Gossoo has rented his house for the summer.

UNION CENTER. Union Center, Aug. 4.—The Loyal Workers Class will hold an ice cream social on the school lawn Friday evening instead of Thursday as previously announced.

Robert Fowler is visiting her uncle and aunt, Mr and Mrs. Charles Puleo of Esopus.

Ralph Wells spent several days last week with his sisters in Schoenectady and Albany.

A tory is a fellow who, when he reads about the New Deal deficit of five billions a year, asks out loud where the professors are going to get the money.

Farmers Prepare For New Seedings

Ithaca, N. Y., Aug. 5.—Preparing wheat or rye land this year to seed grasses and legumes next spring was added recently to the state's list of approved soil-building practices under the agricultural conservation program.

V. B. Hart, state administrator, says the addition will encourage the application of lime and superphosphate to the soil several months before seedings are made.

State agronomists have found that this practice is frequently the best way to get the ground ready for seeding grasses and legumes.

"The new list contains several different lime and superphosphate treatments," Mr. Hart says, "so that a farmer may pick one that exactly fits the requirements of his land. The payments for the practice will cover part of the cost of the lime and superphosphate used."

"Preparing land in such a way will count as a soil-building practice this year. Payments, however, for the new practice will be made only where the county committee satisfies itself that the farmer definitely will make the seedings of grasses and legumes next spring."

Farmers are receiving details of the lime and superphosphate practices added to the list at the same time.

The New Dealers are very fond of Thomas Jefferson personally, but they don't like his principles.

Drouth Worse Than In '34 Says Sexauer

Cornug, N. Y., Aug. 5.—The drouth has created a milk production problem never before faced by dairy farmers of the New York milk shed, said Fred H. Sexauer, president of the Dairyman's League Cooperative Association, Inc., addressing a picnic of Steuben and Tioga county farmers today.

"Seventy-five per cent of the Milk Shed is drier than it was at the worst period of the 1934 drouth," said Mr. Sexauer. "Compared with western and central New York, the western states have good prospects for food crops."

"The present situation differs from 1934 in that at that time there were large supplies of food left over from the previous year. There is little or no carry over this year, and grain prices here have increased 30 to 60 per cent within a month."

"Many farmers are now feeding their cattle roughage that ordinarily would be kept for winter use. Rain in the near future would provide fall pastures, but no amount of rain can provide a normal supply of winter feed."

"Production conditions in the west are favorable to price increases as reflected in the firm butter, cheese and western cream prices."

FINANCIAL AND COMMERCIAL

By CLAUDE E. JAGGER

New York, Aug. 5 (AP).—Although selling in motors and aircrafts dragged the stock market irregularly lower today a handful of industrial specialties fought their way to moderate gains.

Chrysler thumped down about 2 points and General Motors was off more than a point. Losses of fractions to 2 or more points fell to Douglas Aircraft, Boeing and United Aircraft.

Resisting the downward with a rise of about 2 points was Allied Chemical. International Cement was another firm spot with a run-up of more than a point.

Among the most active issues, with limited gains, were Gabriel Co., Canada Dry, Budd Mfg. and United Corp.

Westinghouse and American Telephone were both off about a point. Slightly lower were U. S. Steel, Bethlehem, Western Union and DuPont. A few falls, including Santa Fe and Delaware & Hudson, improved a little.

Greece Is Held By Martial Law Today To Prevent Revolt

Athens, Aug. 5 (AP).—A "temporary" dictatorship approved by King George II held Greece in the quiet of martial law today to thwart danger of bloodshed in what the government described as a Communist-promoted general strike.

The regime headed by strong man John Metaxas, the premier, took full control of all civil affairs as he proclaimed dissolution of the Chamber of Deputies, decreed martial law and imposed a rigid censorship.

New elections for the chamber will be held when the situation is stabilized.

The dissolution of the law making body wiped out the legislative power of 14 Communists who have held the balance of power between the Venizelists and anti-Venizelist factions.

The government charged them with stalemating all work in the chamber.

In the proclamation establishing martial law and abolishing the work of the legislature for the moment the government said it could now proceed to perform its functions unimpeded.

Cabinet action was precipitated by the proposal of Leftist trade unions to call the general strike in protest against a recent law fixing minimum wages and providing for compulsory arbitration of labor difficulties in place of strikes.

The government feared bloodshed might result from the general walk-out.

This afternoon Athens and the seaport of Piraeus were quiet and no incidents were reported from other parts of Greece.

The government characterized the strike as a "subversive and seditious movement fostered by Communist propaganda."

Classes of public service employees were organized under government authority to preserve normal labor operations during the 24-hour general strike called by Leftist labor unions.

Proclamation of martial law and the mobilization decree followed an emergency session of the cabinet of Premier Metaxas.

The premier hurried to the Royal Palace and obtained the signature of King George II for the emergency measures, which also included the dissolution of the chamber of deputies.

Premier Metaxas told the king the present chamber was elected last January to revise the constitution and insure a stable government. The parliamentary propaganda, the premier said, and has not carried out its designated duties.

Owens Takes Third Event at Olympics

Berlin, Aug. 5 (AP).—Jesse Owens, Ohio State negro all-around star, today won the Olympic 200-meter sprint title, his third championship of the 11th Olympiad. Thus the tan thunderbolt achieved the first "Olympic" and world record-equalling performance in 1936. Mack Robinson, of Pasadena, Cal., was second.

Owens captured the 100-meter sprint crown Monday with an Olympic and world record-equalling performance in 10.3 seconds after shaving one-tenth of a second off his marks running his quarter-final trial in 10.2 seconds. This time, however, was disallowed as a world record because there was a favoring wind.

The Ohio State flash won the broad jump championship yesterday with a leap of 26 feet 5 1/4 inches, smashing to smithereens the former standard of 25 feet 4 1/4 inches made by Edward Hamm in 1928.

Previously "Olympic Triplet" have been achieved five times, thrice by Americans.

WPA Starts Work On Abel Street

The WPA has started the work of getting Abel street ready for a new pavement. The steam shovel has been placed at work tearing up the old pavement, and work is being started on the street, just off Broadway. Traffic is being detoured through West street while the lower end of the street is torn up. That section of Abel street from the bridge entrance to Broadway has been in bad shape for a long time.

The new Olympic short-wave station W2XAB is now broadcasting daily from Berlin at 3-10 a. m. EST, and 1-50-10-45 p. m. EST, on 15.11 megacycles with 40 kw power. Kurt G. Sell, American representative of the German Broadcasting System, reports, IUR, which was operating on 15.2 megacycles, has been discontinued. IUD continues on 11.77 megacycles from 4-50 to 10-45 p. m. EST, daily. All reports of the contests at the summer Olympic Games broadcast over German and foreign stations, as was also the case at the winter games, will open and close with Paul Winter's "Fanfare" melody. As an introduction to each report the fanfare will be heard repeatedly.

Albany, N. Y., Aug. 5 (AP).—Mrs. Fannie J. Bailey, followed by her friends to leave from the only survivor of the passengers who rode on the DeWitt Clinton. America's first railroad train, died today at the age of 104. She had been ill since Friday. Active as a clubwoman in the last, she founded the Albany Women's Club, part of an organization that later developed into the State Congress of Parents and Teachers. She was affectionately known to thousands of clubwomen as "Grandma Bailey." Mrs. Bailey was born January 27, 1832, at Thompson, Conn.

Choice Openings In Army Says Dolan

Some time ago when the U. S. Army Recruiting Station was opened in the County Court House here, it was announced that some of the most desirable assignments in the Army would be offered to young men of Kingston and vicinity who wished to take advantage of the many and varied opportunities available through an enlistment in the "Regular" Army. That this was not idle talk is borne out by the fact that today, Sergeant Joseph F. Dolan, who is in charge of the local office announced that he has received authorization to accept applicants for the Philippine Islands as well as for Hawaii, Panama and the United States.

The new authorization lists vacancies in Infantry, Field Artillery, Coast Artillery, Engineers, Quartermaster Corps, Medical Department and Chemical Warfare Service. While no previous experience is required for the above assignments, Sergeant Dolan added that there are special assignments open to men with the following qualifications: Pharmacists, surgical and dental technicians, laboratory and sanitary technicians, ambulance drivers, radio operators, airplane mechanics, airplane motor mechanics, clerks, cooks, bakers, typists and many others. A boatwain, an oiler and a seaman are wanted by the Coast Artillery in the Philippines. Each applicant is to be permitted to choose his assignment for which qualified until all vacancies are filled.

To Uphold New Deal In Stone Ridge Talk

Herbert C. Pell will speak at the Casino Summer Forum in Stone Ridge Friday evening in defense of the New Deal.

Mr. Pell, who knows personally President Roosevelt and former Governor Alfred E. Smith, was a member of Congress during the Wilson administration and became state chairman of the Democratic party in New York in 1921 when Governor Miller was chief executive of New York, the last Republican governor that New York has had.

He held this post during Governor Smith's three terms, relinquishing it in 1926. During this time

Warren G. Harding and Calvin Coolidge were presidents of the United States.

Retired from active politics, Mr. Pell frequently contributes articles on government to several well-known magazines.

Because of the fact that he was chairman of his party during the three campaigns of Governor Smith and is now an ardent supporter of the President, it is believed that his talk will be of particular interest inasmuch as there has been an open breach between these two former governors of New York.

Following the more formal talk there will be a question period. Many politicians of both major parties are expected to be in the audience and the discussion should prove of great interest.

This talk, arranged by Hollister Sturges, Jr., will give the Democratic viewpoint. Earlier this summer there was a Republican speaker on the program.

Mr. Pell comes to Stone Ridge from his home at Hopewell, in Dutchess county. He is a former resident of Newport, Rhode Island, New York city and Tuxedo Park.

Sheriff Molyneux Has Radio Receiver

The Ulster county sheriff's office is now in touch with all broadcasts sent out from State Police headquarters at Albany, a short wave radio receiver having been installed this morning and tuned to receive all broadcasts sent out to troopers from the Albany office.

The machine is a six tube set, an American Bosch police precinct receiver. It was installed at the suggestion of the State Police officials, who asked the sheriff's office to cooperate with them in this feature of their war against crime. Sheriff Abram Molyneux said this morning that it would be a distinct advantage to his office to receive the broadcasts, as perhaps 50 per cent of the calls broadcast to the patrol cars in this section are also phoned in to the sheriff's office. In addition, the sheriff emphasized the fact that in certain circumstances, such as for instance at the time of the Pine Bush bank robbery, prompt notification of his office, such as is now possible, would enable them to send aid which would be of great assistance.

In addition to the receiver just installed Sheriff Molyneux will have his official car equipped with one of the receiving sets similar to those which have recently been installed in the troopers patrol cars.

The two receivers will be given official numbers by the Albany office, so that the Ulster county sheriff's office can be called directly in case of need.

Mrs. Ferguson Claim Adjusted for \$1,025

An adjourned hearing was held this morning before Commissioners Daniel Hoffman, W. J. McGrath and James Shields, commissioners of appraisal in condemnation proceedings. The claim heard by the commission was that of Mrs. Mary Ferguson who is the owner of two parcels which are to be acquired for the construction of the Woodstock-Saugerties road. Joseph Foreman appeared for claimant Roscoe V. Elsworth, county attorney appeared for the county.

John Martin appeared as the real estate expert for the county and after a hearing the claim was adjusted for the sum of \$1,025. The rights of way committee of the Board of Supervisors authorized Mr. Elsworth to settle the claim for that sum and agreement will be signed.

An adjournment was then taken until August 11 at which time the claim of Emil Wieland for lands taken for the construction of the West Chester street by-pass will be heard. This matter will come before the same commissioners. Joseph Foreman appears for the claimant. The commissioners have advanced rapidly on the matters referred to the commission and the duties of the commission will shortly be concluded for the purpose of making a report. It is expected that by the last of August all matters referred to the commission will be completed.

Gunderson Freed By West Shokan Jury

The court room of Justice Fred L. Weldner at West Shokan was filled Tuesday night for the trial of Thorleif Gunderson, who was charged with disorderly conduct.

Gunderson was arrested July 15 by Deputy Sheriff DeSilva on complaint of Bradford Kelder, following a disagreement between the two men at the Hansen place at Samsonville, where Gunderson is employed. The defendant demanded a jury trial and the hearing was set down for Tuesday night.

At the trial Gunderson was represented by Attorney LeRoy Lounsbury of Ellenville. Attorney Bernhard S. Kramer of Kingston represented District Attorney Murray's office.

Following the presentation of the case the jury, after due deliberation, brought in a verdict of not guilty.

Open Meeting at Modern

An open meeting will be held in the community hall at Modern Thursday afternoon, August 20, from 2 to 4 o'clock, for a discussion of the proposed lawing and peddling ordinance for the town of Tatterskill. The members of the town board would like to see all taxpayers present.

Boy Fatally Hurt

Peter, young son of Louis Ferraro of Glenside, sustained a painful injury on Monday when he accidentally fell while running, and the stick of the lollipop he was sucking penetrated the roof of his mouth, making a deep laceration. He was removed to the Kingston Hospital where five stitches were taken to close the wound.

According to the Southampton Independent, Washington, the lollipop in the United States seems originally

SENSIBLE SUMMER FORMALITY

If we followed the dictates of fashion headlessly, we'd wear tailcoats, whether it was hot or cold, when the occasion called for formal evening wear. Our own Tropics have

set the fashion for hot weather formality in a smart and sensible manner by turning to the white dinner jacket. No matter how formal the function, you may leave your tail-

coat undisturbed in its moth balls. Incidentally, the accessories for wear with the white dinner jacket are comfortably in keeping.

The white double-breasted dinner jacket with self shawl collar has the additional advantage of requiring no waistcoat. It may be made of linen, Palm Beach cloth, worsted or cotton gaberdine. A solid color silk handkerchief may be worn in the breast pocket, preferably in wine.

Evenings may be cool, and a camel's hair polo coat will serve the purpose of a dress coat for this summer formal outfit. Along with this you may wear a Semit Straw hat that might carry a colored club band.

Dress shirts for wear with the white dinner jacket may be of white broadcloth or silk or of any fine count sanforized cotton cloth. The collar may be attached or separate and starched and the shirt may be plain or pleated with French double cuffs. Black hat ties or semi-butterfly ties are correct, or you might wear a deep wine or dark green tie, which is a new high fashion.

If you prefer the single breasted white dinner jacket, which is illustrated on the gentleman in the roll-in chair, you'll need a cummerbund (dress sash) of black silk or of wine or dark green, matching your tie, or you may wear a white plique backless waistcoat.

Dress shoes for this outfit remain unchanged from those worn under other evening formal conditions. Either the black patent leather or the patent leather pump are correct, the latter being particularly comfortable for dancing. These might also be made of black or midnight blue grosgrain silk.

Appropriate for summer formal evening wear, this Semit straw hat with the colored club stripe band is also suitable for wear in the city with all types of town ruffings.
